**ALLIANCE METAL INDIA**

ISO 9001 & IATF 16949 Certified Company

YOUR GLOBAL PARTNER FOR PRECISION COMPONENTS

## COMPANY PROFILE

Alliance metal India is an ISO 9001 and IATF 16949 certified company, serving the industry since 1991. We are a family owned, professionally managed, technology oriented company, run by motivated individuals, adhering to fair business practices, to achieve a common goal of customer satisfaction.

Our Commitment towards supplying quality products and timely delivery of goods has helped us to attract more customers, currently we have more than 1000+ customized products and we are still growing.

## WHY US?

Alliance metal India has drawn up ambitious plans for the future. We aspire to be the ideal global sourcing hub for Precision Machined Components from the Indian sub-continent using our expertise, versatility & experience and at the same time investing into newer technologies and cost-effective machining processes.

## INFRASTRUCTURE

### Machineries

- Brass Extrusion Plant
- CNC Turning Centers
- Vertical Machining Center
- Forging Facility
- Single Spindle Automatic Bar Turning Machines
- Secondary Operation Machines For Drilling, Milling, Grinding, Threading, Etc
- Cutting Machines
- Power Press
- SPM for multi operation in single set-up
- Drawing Machines
- Marking Machine
- Thread Rolling Machine
- Close Proximity to Electro Plating and Surface Treatment Shops
- Machines For Polishing, Deburring
- Sub Assemblies

## PRODUCTS

Brass Automotive Components

Plastic & Bakelite Moulding Inserts

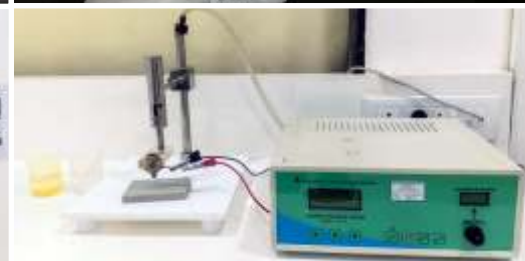

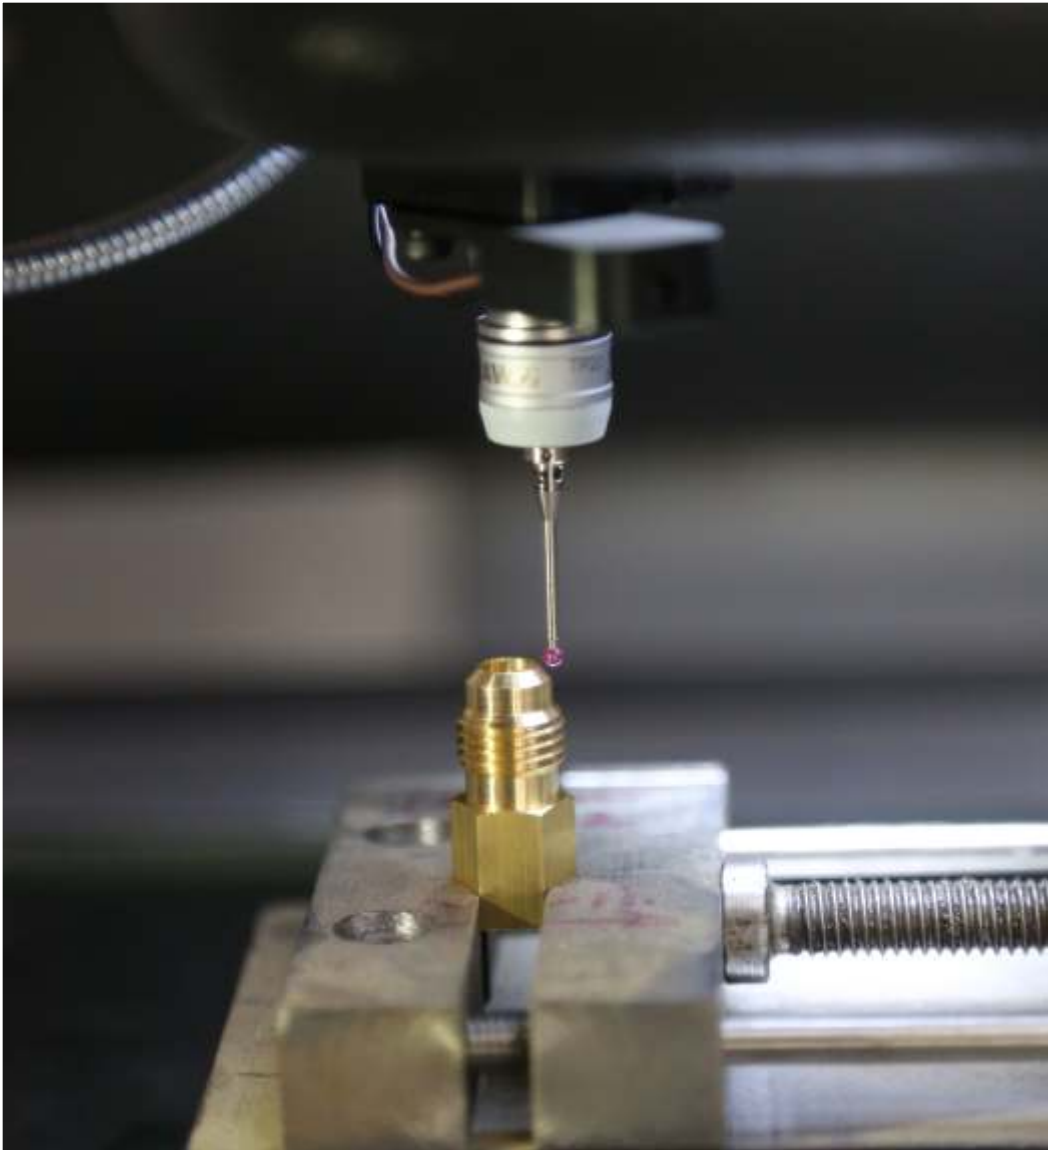

HVAC Components

Aluminum Pins

Precision CNC Parts for Special Applications

## QUALITY

We are an **ISO 9001** and **IATF 16949** certified company and take adequate measures to achieve total quality in all our operations. Our quality policy has always been that "satisfying customers by delivering precision components, understanding their needs in terms of product quality, delivery schedule and services". The quality control department is equipped with all necessary testing equipments, used by a technically qualified team. We are Conducting **Documented PPAP Activities** with quality control at every stage right from receipt of raw materials to delivery of finished goods to make sure our products can measure up to international standards.

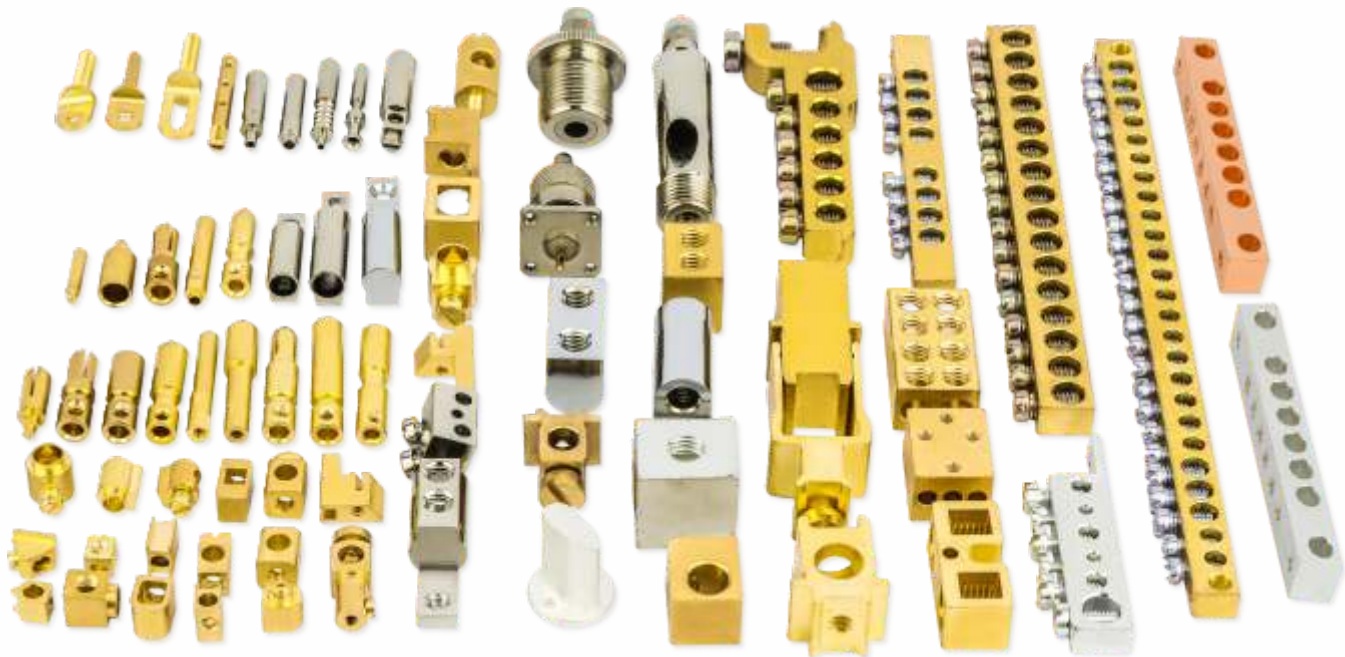

## Major Quality Equipments

- Vision Measuring System
- Profile Projector
- Spectrometer
- Surface Roughness Tester
- Gauges for International Thread forms in Metric, UN, NPTF series

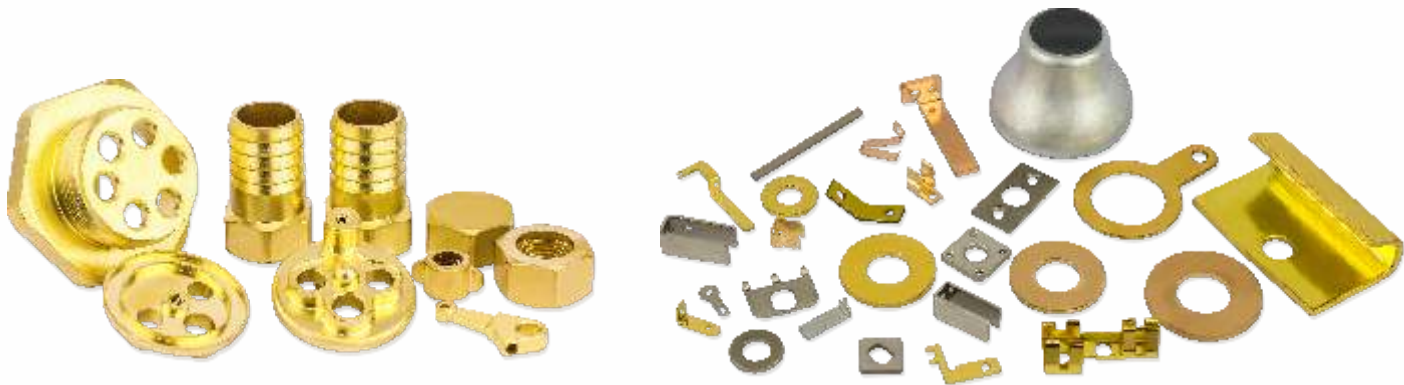

Brass Plumbing Hose Fittings & Coupling

Electric parts

Precision Turned Parts

Brass Forged Components

Sheet Metal Parts

Fasteners and Hardware Engineering

Brass Cable Glands

Earthing Accessories
